

NID server closed for maintenance work

August 16, 2023

Online Desk: Due to server maintenance work, National Identity Card (NID) services have been closed.

According to the organisation system manager Muhammad Ashraf Hossain, the maintenance work is being done from Tuesday night and it is still underway. The server will resume within a short time. “We do server maintenance on public holidays.”

But there is a rumour spread on Wednesday morning that the NID services have been closed fearing cyber attack, said the NID department
