Dr Hasan said the evil force under the leadership of BNP and Jamaat is hatching conspiracy when the country is marching ahead by astonishing the globe under the dynamic leadership of Prime Minister Sheikh Hasina. Some international conspiracies are also involved with them, he added. He said they don’t believe in the independence of Bangladesh. For this, the information minister said, BNP secretary general Mirza Fakhrul Islam Alamgir claimed that ‘the Pakistan regime was better’. Besides, Jamaat is always against the country and its flag, he added.

Hasan Mahmud said Awami League knows the strength of BNP and the party is claiming to topple the government in every month. But the reality is that their movement died at Golapbagh cattle market, he said.
