October 14, 2023

Online Desk: Chief Election Commissioner (CEC) Kazi Habibul Awal has directed field level administration officials and law enforcers to perform their duties above the party opinion in the upcoming national elections.

He said, “No doubt, the election is knocking the door. But it is very difficult to organize elections. You must fulfill your duties with devotion as the election is yours and ours too. Acceptance means that the election will be free and fair. We have to show the people of the country that the polls were fair and that everyone was able to exercise their right to vote without any barriers.”

CEC Habibul Awal said this in a polls management programme on Saturday where divisional commissioner, deputy commissioner, deputy inspector general, superintendent of police, regional election officers were present.
