

Daulatdia-Paturia ferry service resumes after 11hrs

January 8, 2023

The Daily Morning Voice Online Desk: The ferry operation on the Daulatdia-Paturia route has resumed after 11 hours of disruption caused by dense fog. The ferry movement became normal around 9:00 am on Sunday, said Bangladesh Inland Water Transport Corporation (BIWTC) Aricha sector assistant general manager Abdul Salam Rahman. Earlier, the ferry service on this route was suspended at 10:00 pm on Saturday due to poor visibility caused by the dense fog. Various small and large vehicles were seen waiting on both sides to cross the river, causing immense suffering to the passengers amid the cold.
