**Online Desk:** Awami League general secretary Obaidul Quader has said that the attacks on Saturday and Sunday are pre-planned by BNP to execute their planned conspiracy for seizing power by any means.

He said, “The attacks on Saturday and Sunday are pre-planned by BNP. They had been preparing for the attack for a long time.”

The minister said these things at a press conference at the political office of the Awami League President office in Dhanmondi on Sunday (October 29) afternoon.

Obaidul Quader said, “When talking about democratic movement, BNP was secretly preparing to implement the terrorist style of their politics. They were taking time to get back to their old ways, their terrible politics. In time they chose the way to execute their planned conspiracy.”

The minister said they had challenged the law enforcement agencies.

“The attack on the Chief Justice’s residence is an insult to the country’s judiciary,” he opined.

“What have they not done in the last two days? BNP is involved in the conspiracy to seize power by any means. The BNP-Jamaat alliance has once again indulged in brutal terrorist activities to disrupt the country’s democratic process,” he added.

Quader said BNP and their allies are destroying the fair and normal political environment as it does not believe in democratic ideals.

“Yesterday’s brutal attack and killing of a policeman in broad daylight, attack on the residence of the Chief Justice, fire in the hospital were part of Tariq Rahman’s ‘take back’ formula,” he also said.
