Recalling the the horrible days when BNP-Jamaat enforced arson terrorism to burn people alive, Hasina said that their hearts are filled with darkness.

“Those who can kill people through arson attacks, burn buses, trucks, trains, those who were involved in criminalisation they are not blind at all. Their hearts are filled with darkness,” she said.

She warned that destructiveness and burning people alive will not be tolerated.

“But it will not be tolerated if they destroy and burn people alive,” she said.
