

One dengue patient dies, 11 hospitalised

February 5, 2024

Online Desk: One dengue patient died and 11 others were hospitalised in the last 24 hours till this morning, according to the daily statement of the Directorate General of Health Services (DGHS).

“During the period, five dengue patients were hospitalised in Dhaka city while six were admitted to different hospitals outside the capital city,” the statement added.

This year, the total number of cases rose to 1012 while 104 dengue patients are still undergoing treatment at different hospitals across the country.

Among the total cases, 1012 patients have already been released, the DGHS statement added.

Last year, the country recorded 1,705 dengue-related deaths and a total of 321,179 dengue cases.
