January 26, 2023

The Daily Morning Voice Online Desk: Bangladesh has strongly condemned the recent act of desecrating the Holy Quran by a far-right activist in The Hague, Netherlands. Bangladesh has expressed grave concern over the incident and rejects any act of insulting the sacred values and religious symbols of the Muslims – for that matter of all religions – all over the world under any circumstances, according to a statement from the Ministry of Foreign Affairs, UNB reports. Bangladesh urged all concerned to put an end to such unwarranted provocations and Islamophobia for the sake of harmony and peaceful coexistence.
