

# foodpanda to double rider tips on Fridays during Ramadan

March 28, 2024

**Online Desk:** Online food and grocery delivery platform foodpanda is launching a rider appreciation campaign this Ramadan.

On all Fridays this Ramadan, foodpanda will match every taka riders receive in tips, allowing them to earn double the amount, according to a press release.

This gesture aims to recognise the tireless efforts of foodpanda riders who navigate through various challenges braving traffic and weather to ensure timely delivery of orders, especially during the holy month of Ramadan, it said.

“This initiative isn’t just about gratitude; it’s a testament to our commitment to recognizing and rewarding the extraordinary efforts our riders put in every day. Our sincere thanks go out to our riders for their unwavering commitment and hard work in helping us to fulfill our goals,” said Andalib Hasan, foodpanda’s operations director.

The double tips feature will be applicable for riders all over Bangladesh. Riders will receive their double-upped tips with their weekly payments. The double tip amount will only be applicable on online transactions such as online MFS payment and card payments, added the release.
