

17 dengue patients hospitalised in 24hrs

May 11, 2024

Online Desk: No fresh death due to dengue was reported in Bangladesh in the past 24 hours till Saturday morning, according to the Directorate General of Health Services (DGHS).

However, 17 patients were hospitalised with viral fever during this period, according to the DGHS.

Of them, nine were admitted at the hospitals in Dhaka city, while the rest were outside the capital.

Currently, a total of 127 patients are receiving treatment at hospitals across the country.

So far, 2,414 dengue cases have been reported since January 1, 2024, said DGHS.

Last year, a total of 1,705 people lost their lives due to dengue, making it the deadliest year on record.

The DGHS recorded 321,179 dengue cases and 3, 18,749 recoveries last year.

Last year's September was the deadliest month for the dengue outbreak, with 396 fatalities and 79,598 cases, according to DGHS data.
