

Mild cold wave may sweep country this week

December 18, 2022

The Daily Morning Voice Online Desk: A mild cold wave may sweep the country from December 20 to 24, Bangladesh Weather Observatory Team (BWOT) has said. The intensity of cold may remain slightly less till December 20 while the temperature may fall up to ($<10^{\circ}\text{C}$) as cold wave may sweep most areas during this period, said BWOT, an independent weather research group, UNB reports.

Mild cold wave ($8\text{?}10^{\circ}\text{C}$) may hit the country during this period, it added. Besides, moderate to thick fog may occur at places over the country from midnight till morning commencing 9am on Sunday, according to Bangladesh Meteorological Department (BMD). Weather may remain dry with temporary partly cloudy sky over the country.

Night temperature may rise slightly and day temperature may remain nearly unchanged over the country, as per the BMD bulletin.

The lowest temperature in the country was recorded at 12.4 degree Celsius in Tetulia of Rangpur division while the highest temperature was 30.01 degree Celsius recorded in Teknaf of Chattogram division. Meanwhile, the low pressure area over Southeast Bay and adjoining area persists. Its associated trough extends up to North Bay. Ridge of Sub-continental high extends up to West Bengal and adjoining area.
