

Polytechnic student Jesmine ‘murdered’ by classmate: RAB

February 11, 2023

Online Desk: The decomposed body of a female polytechnic student was recovered from a septic tank in Jessore on Friday (February 10, 2023) — ten days after she went on missing. The body of Jesmine Akter Pinky was recovered from the septic tank by Rapid Action Battalion (RAB-6). RAB-6 Jessore Camp’s company commander M Naziur Rahman said Pinky was murdered by her classmate Ahsan Kabir Angkur.

Jesmine Akter Pinky was the daughter of Zakir Hossain, of village Kazirhat Kaoria under Kolaroa upazila in Satkhira district. She was a 2nd year student of Jessore Polytechnic Institute. The RAB-6 official said Jesmine’s body was recovered from a septic tank situated at the western side of Ahsan Habib’s house at Burujbagan area under Sharsha upazila at about 3:00pm on Friday (February 10, 2023). At the same time, RAB-6 arrested Ahsan Kabir Angkur, son of Akbar Ali of the same area, who allegedly murdered Jesmine. He was Jesmine’s classmate.

RAB-6 Jessore Camp’s company commander M Naziur Rahman said there was a love affair between Jesmine, 18 and Angkur, 18. As the love affair between them had deteriorated, Angkur called in Jasmine to his house tactfully some nine to ten days ago. Then he murdered the girl slitting her throat and dumped the body into the isolated septic tank near his house. As Jesmine went on missing, his father filed a general diary with Kotwali Police Station in Jessore. Later, RAB-6 arrested the accused and recovered the body. Legal steps were taken in this regard.
