

HSC, Equivalent Results Published : Pass rate 77.78%, one lakh 45911 students get GPA-5

October 15, 2024

Online Desk : The results of Higher Secondary Certificate (HSC) and equivalent examinations were published on Tuesday morning. The overall pass rate this year is 77.78%, with 1,45,911 students attaining GPA-5. The results were published on the official website and sent to respective educational institutions at 11:00 am. This year, the HSC and equivalent exams began on 30 June but were postponed on 18 July due to the Anti-Discrimination Movement. Following this, the government suspended the examinations three more times.

A total of 1,450,790 candidates appeared for the exam under nine general education boards, along with the madrasa and technical boards.
