

Bangladesh to import 150,000 tonnes of TSP fertiliser from Tunisia

February 15, 2023

Online Desk: Bangladesh will import 150,000 tonnes of triple superphosphate (TSP) from Tunisia in 2023. To this end, Bangladesh Agricultural Development Corporation (BADC) signed a memorandum of understanding (MoU) with Tunisian Chemical Group (GCT) in Tunis, the capital of Tunisia, on Wednesday, agriculture ministry said in a press release today.

BADC Chairman Abdullah Sajjad and GCT General Manager Mohammad Ridha Chalghoum signed the agreement with the presence of Agriculture Secretary Wahida Akhtar and Deputy Secretary Badiul Alam. BADC has been importing TSP from Tunisia on G2G basis since 2008, according to the ministry.

On the same day, Agriculture Secretary Wahida Akhtar held a separate meeting with Tunisian Agriculture, Water Resources and Fisheries Minister Abdel Manam Belati and Industry, Minerals and Power Minister Neyla Nouria Gangi. In the meeting, the two Tunisian ministers expressed interest in increasing bilateral relations with Bangladesh in the field of agriculture and trade, it said.
