

Won't stop acting, will have to have me fired: Shah Rukh Khan

February 25, 2023

Online Desk: Shah Rukh Khan is known not only for his amazing acting skills but also for how well he treats his loving fans. Even with his busy schedule, King Khan invited his fans to a candid Q&A session on twitter to catch up. During this, he disclosed that he will “never retire from acting” and will return to the big screen “hotter than before.”

“Who will be the next big superstar in Bollywood after you retire?” asked one fan. In response to this, the Pathaan actor said, “I will never retire from acting. I will have to be fired, and maybe even then I will come back hotter!” Khan later admitted that he is still camera shy. “I get embarrassed watching myself on film,” he said in response to a fan’s question on how he feels seeing himself on screen. Going on, the “Raees” star added that his two children grew up believing that everyone worked in movies because of their star-studded family. “My two kids, Aryan and Suhana, used to think everyone in the world worked on TV because they saw all of our friends on television,” he explained.

On the work front, Shah Rukh will be seen in the film “Jawan,” directed by Atlee, soon. In this film, Nayanthara and Vijay Sethupathi will share the screen with him. The film will be released in Hindi, Tamil, Telugu, Malayalam, and Kannada on June 2. Shah Rukh will also be seen in the film “Dunki,” directed by Rajkumar Hirani. Through this film, he will be paired up with Taapsee Pannu for the first time. The film will be released in December this year.
