June 24, 2025

**Online Desk :** US President Donald Trump warns Israel “do not drop those bombs” after it ordered “powerful strikes” on Iran, BBC reported. Trump says further strikes would be a “major violation” of a ceasefire agreement he announced between the two countries. It comes after Israel accused Iran of breaking the truce two hours after it came into effect, which Tehran denies. Iran warns “any further aggression will be met with a decisive, firm, and timely response”.

Overnight both sides exchanged fire, with Tehran residents telling BBC Persian they witnessed one of the “heaviest” rounds of attacks by Israel. Local officials say nine people have been killed in northern Iran. Meanwhile, Israel’s emergency service says four people were killed in Beersheba.
