Online Desk : Bangladesh Jatiyatabadi Jubodal president Abdul Monaem Munna has alleged that a secret organization is intentionally carrying out misleading activities, seeing the growing popularity of nationalist ideology among the youth. Warning everyone, he said that everyone should be vigilant so that no undemocratic force can rise up and cause deterioration in law and order. At a press conference on Saturday morning, Jubodal and Chatradal strongly condemned the killing and brutality of Jubodal activist Sohag in Mitford in broad daylight. At the same time, top leaders of Jubo Dal, Swechchhasebak Dal and Chhatradal expressed deep concern about the recent violence and law and order situation in the country.

Stating that the five accused have been expelled from the organization for life, Jubodal president Munna said at the press conference that although the CCTV footage of the incident showed three people, three others have been made accused in the case. It needs to be investigated whether there is a motive behind this or not. We always believe in responsible politics, and take immediate action if any incident occurs. The Jubodal president also questioned the silence of the government and the administration in the incident of the murder of a Jubo Dal activist by cutting his veins in Khulna.

He said the history of politics of cutting veins belongs to a particular party. There is administrative failure behind these incidents.
