

BUET admission process to start on March 1

February 26, 2023

Online Desk: The admission process of Bangladesh University of Engineering (BUET) for the session 2022-23 will start on March 1. This year's examination will also be held in two rounds. The first round will be preliminary selection. Candidates who will pass the first round, will participate in the second round final admission test.

The online process will start from 10am on March 1, which will continue till 3pm on March 12. The application fees can be paid by 3pm on March 13. Pre-selection test will be held on May 20 in two shifts for initial selection. Selected 10 can take part in the final exam.
