

Cross the Road and Dodge Traffic Fun Arcade Game

March 17, 2023

The game offers four difficulty levels, and the RTP (Return to Player) is 98%. Each Crossy Road game nets you coins which can be used to unlock exciting new characters. In Crossy Road you have to dodge traffic, hop across logs, sidestep trains and collect coins. They are excited to have created a game that has found a large fan base who truly appreciates their simple yet exciting crash game.

This feature also allows for diverse playing styles, accommodating both conservative players who prefer frequent, smaller wins and risk-takers aiming for those big, rare payouts. This system adds a layer of strategy and excitement, as players must balance the temptation of higher multipliers against the increasing risk of losing everything. As the chicken progresses through each stage, the multiplier increases, and players face the critical decision of when to cash out.

This feature puts control firmly in the players' hands, allowing them to withdraw their winnings at any point during the game. Hard mode ramps up the excitement with 20 stages and higher multipliers, appealing to more experienced players. Easy mode provides 24 stages with multipliers from x1.02 to x24.5, giving players a gentler learning curve and more frequent, albeit smaller, wins. From adjustable difficulty levels to real-time decision-making, these features set Chicken Road apart in the world of online casino games.
