**Online Desk:** On the occasion of her birthday, Bollywood actress Janhvi Kapoor revealed the first-look from her upcoming film, which has been unofficially named ‘NTR 30,’ today. The actress shared a glimpse of her character on Instagram. In the photo, Janhvi can be seen wearing a saree, while sitting against a backdrop of mountains, surrounding a river. From what can be seen in the poster, the movie seems to be pretty grim in its approach. Janhvi will be seen opposite Jr NTR in the project.

In the caption of her Instagram post, the actress wrote, “It has finally happened. I’m excited to sail with my favorite @jrntr #NTR30.” The film, which will mark Janhvi’s Telugu debut, is expected to be an action-packed blockbuster, directed by Koratala Siva—who is known for directing films like as “Bharat Ane Nenu” and “Okkadunnadu”.

The music for “NTR 30” will be composed by Anirudh Ravichander and the film will see a release across India. The film is scheduled for release on April 5, 2024, in Telugu, Hindi, Tamil, Kannada, and Malayalam.
