

# The Rise of Live Dealer Games in Online Casinos

September 2, 2025

Live dealer games have transformed the online casino experience by blending the comfort of online gaming with the genuineness of a physical casino. Since their introduction in the early 2010s, these games have gained immense popularity, notably among players looking for a more involving experience. According to a 2023 analysis by Statista, live dealer games accounted for over 30% of total online casino income.

One notable individual in this field is Martin Carlesund, CEO of Evolution Gaming, a leading provider of live dealer offerings. Under his leadership, the business has expanded its offerings considerably, launching cutting-edge games that attract a wide-ranging player group. You can discover more about his views on his [LinkedIn profile](#).

In 2022, the launch of a novel live dealer interface by BetMGM in New Jersey showcased the growing movement of combining cutting-edge technology with classic gaming. This interface enables players to connect with real dealers via HD video transmission, creating a social atmosphere that improves player engagement.
