Online Desk : Chief Prosecutor of the International Crimes Tribunal Md. Aminul Islam has said that the announcement of former Prime Minister Sheikh Hasina's return from Delhi is a stunt.

He said, "We also want Sheikh Hasina to come and fight her own case. However, I think her return to her country is a stunt. If you (Hasina) have the courage, come to the country and face the trial of the July massacre." He made this comment while talking to reporters at his office on Monday.

The Chief Prosecutor said, "A total of 24 cases are pending in the tribunal so far. In addition, the prosecution has received the investigation reports of 10 cases of the July massacre, including those of Shahjahan Khan, Amir Hossain Amu, and Justice Manik. After verification, they will be filed as formal charges soon."
