

The Rise of Live Dealer Casinos

July 18, 2025

Live dealer casinos are revolutionizing the online betting scene by supplying players with an captivating encounter that replicates the atmosphere of a physical casino. Since their emergence in the initial 2010s, these services have gained enormous fame, especially among younger generations and Gen Z players who look for realness in their gaming interactions.

One significant person in this industry is Martin Carlesund, the CEO of Evolution Gaming, a premier vendor of live casino solutions. Under his leadership, Evolution has expanded its portfolio to feature a variety of live games, such as blackjack, roulette, and baccarat. You can discover more about his insights on his [LinkedIn profile](#).

In 2023, the worldwide live dealer sector was assessed at about \$2.5 billion, with projections showing a rise percentage of more than 20% annually. This increase is attributed to progress in broadcasting technology and the growing demand for interactive gaming experiences.
