Casino loyalty programs have evolved significantly over the decades, evolving from simple punch cards to advanced digital networks that track player conduct and likes. These initiatives are created to compensate frequent visitors with multiple benefits, including complimentary play, meals, and exclusive access to events. According to a 2023 report by the American Gaming Association, nearly 80% of casino patrons participate in some form of loyalty initiative, emphasizing their value in customer retention.

One prominent figure in the casino loyalty space is Jim Murren, previous CEO of MGM Resorts International, who emphasized the necessity for tailored encounters in loyalty programs.
