

# Huge crowd at stations to travel metro rail

December 29, 2022

**The Daily Morning Voice Online Desk:** Dhaka residents were seen eagerly waiting for tickets in front of metro rail stations to travel for the first time as the service opened to public on Thursday. A train carrying passengers left no 1 station in Uttara's Diabari at 8am for Agargaon. Some are office goers, while some have come with their families to take a ride in the country's first metro service.

Passengers stood in a long queue at Agargaon station since early morning to buy tickets. Initially, the metro train will run from 8 am to 12 noon every day from Uttara to Agargaon stations without any stoppage.
